Please cancel claims 2 and 20 without prejudice and amend claims  
1, 3 and 19 as follows:

1. (currently amended) A method for the resale of vehicles  
comprising the steps of:

- downloading auction data for a plurality of auctions from a  
third party database;
- storing said downloaded auction data in a system server,  
said auction data corresponding to a schedule of auctions for resale of  
vehicles;
- providing access to said system server by way of a web site;
- allowing a user to access said system server to consign a  
vehicle to one of said plurality of auctions; [and]
- inputting vehicle information about said vehicle;
- said system server determining an adjusted floor price for  
said vehicle based upon said vehicle information; [and]
- transmitting said adjusted floor price to said auction; and
- notifying said one auction of said vehicle consigned and said  
adjusted price to said one auction at said web site.

2. (cancelled)

3. (currently amended) The method of claim [2] 1, wherein  
said vehicle information includes a vehicle identifier corresponding to the  
vehicle to be consigned and further comprising the steps of:

said server utilizing said vehicle identifier to gather vehicle  
information regarding said vehicle at time of manufacture to determine a  
minimum value;

said server prompting said user to add status information  
corresponding to changes in status of said vehicle since manufacture of  
said vehicle;

said server calculating an adjusted floor price for said
